

## **Commercial Glass Installation & Repair**

Whether you are a small business owner with a storefront or a Fortune 500 located in a large corporate building, you know that appearances are everything. You must make that stellar first impression to your prospective customers, and nothing can ruin that pivotal moment more than a sloppy or poorly-maintained façade. That is why it is so important to ensure that your property is well taken care of. And sometimes that means that you will need to repair or replace your commercial-grade glass.

From time to time your large corporate windows may need to be replaced. Any number of variables can lead to their need for replacement; from weather-related accidents like fallen trees and other natural debris, to the freak events such as a confused driver stepping on the drive pedal instead of reverse and in turn sending their car straight through your office front windows, storefront glass or entrance doors. The latter happens a lot more than you think, so it is always advisable to have our number handy just in case you face this predicament yourself.

For many years now, A&A Auto Glass has been satisfying our commercial customers all throughout the Houston region, by providing efficient and timely service for all of their glass replacement, repair and installation needs. Our highly-skilled and experienced staff has seen it all and can surely accomplish any and all projects given to them. From big jobs that take a whole crew, to smaller projects that take just a few hours, our team of seasoned professionals can most definitely meet your needs.

Our glass installers are experienced in all aspects of commercial glass installation – including, but not limited to:

### **Entrance Doors**

- If you need to repair your existing doors or replace them with new ones, our staff can cover all your needs in an efficient and timely manner. The last thing your business needs is any reason for a client to turn around, so always ensure that any entrance glass repairs are addressed immediately.

### **Storefront Glass**

- The window into your business is not only a physical element but a very vital part of your marketing arsenal. Before people even enter your commercial property, people will first look in the window. That is why it is so important to keep your storefront glass well-maintained and tidy.

### **Interior Glass**

- If you have one window or several, your glass will eventually need to be repaired or replaced. It is just their nature. So rest assured that we can cover all your glass repair and replacement needs without worry or fuss.

### **Glass Cases**

- If your business relies on glass cases to feature and promote your products, you know how vital it is to present a shiny and new appearance to your customers. Our crew specializes in maintaining and replacing all types of glass cases, so you will not be left without a helping hand when necessary.

Additionally, we can also handle: **New Construction Projects** and **Property Contracts**.
